Welcome

It has been a long but extremely successful first half term at TJS and I am extremely grateful for the help and support from children, staff and parents alike who have made it such a positive one. It was great to see so many of you at Parents Evening over the past week and the attitude and application of the children has been fantastic throughout the half term.

We have already seen so much wonderful learning and many great achievements across the school. Our Year Three children have settled in brilliantly, with a fantastic attitude and they enjoyed sharing what they have been learning and getting to demonstrate their marble mazes as parents popped in on Wednesday. Year Four visited the Art Gallery to extend their learning about the Ancient Greeks and have written some wonderful myths. Year Five have travelled back in time to Anglo-Saxon England, where they have produced some fantastic writing linked to the Shield Maiden. Year Six have been learning about Victorian times and the Industrial Revolution. This has led to some fantastic writing in their narratives based on Oliver Twist.

As ever, I am incredibly proud of how hard all the staff have worked to support our children. This half term we have been really focussed on adapting learning to make it more accessible and engaging for the children and this can be seen in the responses within their books which were on display at Parents Evening this week.

You can find all the details of what your children will be learning later in the newsletter and on the Curriculum section of the website:

<https://www.townhilljuniorschool.co.uk/topic/curriculum>

In sport, our lower school athletics team has been very successful becoming City Champions at the City Indoor Championships and our football teams have had some pleasing results and improving performances, while our cross country runners have braved the weather and a new course on Friday afternoons at The Sports Centre.

Have a restful and safe half term and we cannot wait to welcome you all back in a week's time.

Mr Humphries

Home Learning

By now you should have received the necessary passwords for our online learning platforms: Boom Reader and TT Rockstars.

Boom Reader – this is an on-line reading log, and does not have online books for your child to read. Once on the site all you need to do is log when your child reads. There is even the option to for children to log for themselves. This allows us to keep a record of the texts and genres each child reads. We would expect a minimum of 4 logs a week, this can be just parents, just children or a mix. It would be great if it was more – they may just be our weekly star reader!

TT Rockstars – On TT Rockstars there are a number of options to practise your times tables. Sound check is beneficial for practising against the clock in preparation for the Year 4 times table check. Or to get up the school leader board, choose Studio!

Any problems please speak to your child's class teacher.

Art Club

Our amazing Art Club have been busy working on their very own mini 'zines'—and they are looking incredible! Using pastels, paint, and collage, each student is creating a unique and expressive piece of art that will soon be photocopied, folded, and transformed into beautiful booklets to share with others.

The artists are working so hard and we can't wait to see the final results.

How lucky the children are to have Miss Tipper and her creative flair to inspire them!

Year 3 Spooky Art Workshop

Keeping with the art theme were Year 3 who, on Thursday, had a spooky story time and draw-along with Michelle Robinson and Tom Knight.

Year 3 Outcome Afternoon

Year 3 welcomed their families into school on Wednesday afternoon. After their first half term of learning here at TJS they were showcasing all of their hard work. The children have worked incredibly hard and are deservedly proud of what they have achieved. They started the day with an art workshop learning how to use a range of different materials to create fantastic outcomes to go along with the marble mazes they created in DT.

House Points

Throughout the half term, the children have enjoyed competing as a house and collecting house points by demonstrating the school's learning values and following the three school rules. Additionally, children can also gain house points for participating in TT Rockstars and Boom Read - the children with the highest participation rates earn their house a house point; and children with most reads in their class will also earn a house point.

The winning house each week gets one point on the main assembly board and the winning house this half term was Ruby.

What Parents & Educators Need to Know about

FORTNITE

WHAT ARE THE RISKS?

With over 650 million registered users, Fortnite remains one of the most played and discussed online games globally. Known for its vibrant graphics, fast-paced gameplay, and cultural crossovers with everything from music artists to superhero franchises, the game continues to capture the attention of young people. This guide outlines the risks trusted adults need to know about, including game updates, and offers practical safety tips to help address them.

ALWAYS ONLINE

There's no single-player, offline mode in Fortnite; it can only be played online. Internet access can sometimes be an issue when you're out and about, both in terms of connectivity and using up data. You may find that dedicated, young Fortnite players are often less enthusiastic about family time or trips away – such as days out and holidays – than you might expect.

IN-GAME COSTS

Fortnite is free to download and play, but it does offer various additional purchases – limited-time cosmetic 'skins', music tracks, LEGO items, and battle passes. Children can feel pressured to spend money on V-Bucks – the in-game currency – to avoid missing out, particularly as exclusive items rotate frequently. Some items may not return to the store for years, while Battle Pass rewards are often 'gone when they're gone'.

VIRTUAL VIOLENCE

There's no avoiding that Fortnite is about shooting other players to eliminate them from the contest. That said, there's no blood or gore. The violence is rendered in a cartoonish style, and there are frequent comical touches to lighten the mood, such as mini-games and emotes. Guns and other weapons often look and behave realistically, so discretion is advised. Past seasons have introduced characters and references from mature franchises like The Witcher and Halo.

POW!

CROSSPLAY AND PARTY CHAT

Fortnite is popular with many gamers of various ages. Crossplay allows friends to play with each other, regardless of whether they're on an Xbox, PlayStation, Nintendo Switch or PC, while the Party Chat feature allows them to talk to each other during the game. This can put youngsters at risk of exposure to strangers, inappropriate language, and cyberbullying.

FREQUENT UPDATES

Seasonal releases introduce new map changes, gameplay mechanics, and cosmetics. Ongoing updates can increase screen time and potential for obsession as children try to unlock rewards before the season ends. These regular renewals help to hold players' interest, but also give young gamers plenty of reasons to keep coming back. Seasons often change thematically.

POP CULTURE REFERENCES

Part of Fortnite's appeal is its ongoing crossovers with other popular franchises, ranging from films and TV shows like Power Rangers and Avatar: The Last Airbender, to comic book characters including Batman. Other collaborations with series, artists, and influencers may expose children to music, language, or ideas that are more suitable for older audiences.

Advice for Parents & Educators

DISCUSS SAFE SOCIAL INTERACTION

Talk with children about who they're playing with online. Coordinate play time with the child's friends for socialisation and safety in numbers. Encourage them to avoid private voice chats with strangers and remind them not to share personal information. Use real-life examples to explain potential risks, and remind them that if they see something concerning, they should tell a trusted adult.

ENJOY FORTNITE TOGETHER

Fortnite also offers split-screen gameplay, meaning that two people can play simultaneously on the same console or computer. This can be a good option for siblings or for when a child's friends visit, but it also offers an opportunity for parents to do something fun with their child, while making sure they're playing the game safely. Who knows? You might even teach them a thing or two!

SET SPENDING LIMITS

Fortnite's rotating store is a not-so-subtle mechanism for coaxing players into buying sought-after items before they disappear for weeks or months. This could lead to surprise transactions on bank cards if children are tempted into an impulse purchase. Parents could consider getting a prepaid card for the child or ensuring that purchases require adult authorisation. This can be done through parental settings on a console or account settings in the Epic Games app on PC.

BE WARY OF SCAMS

The immense popularity of Fortnite with younger audiences – that are generally more trusting – means there's no shortage of scammers looking to fraudulently obtain passwords and other personal data through techniques like phishing. As the developers point out on many of Fortnite's loading screens, they never ask for a player's account password outside of the game. Make sure any young player knows this.
