

House Points

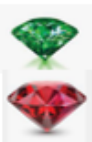

Both children and staff are allocated houses which they remain in for the duration of their time at Townhill Junior School. They will also be in the same house as their siblings. Our houses are:

Our Houses

Sapphire

Emerald

Ruby

The children can collect house points by demonstrating the school's learning values and following the three school rules.

Children can also gain house points for participating in TT Rockstars, Maths.co.uk and Boom Read. The children with the highest participation and improvement on TT Rockstars will earn their house a house point and the most reads in their class on Boom Read will also earn a house point for their house.

The children can also earn points for their house by competing in the half termly sporting competitions for their house during breaktime or lunchtime competitions. Mr Innes chooses the sporting focus for each half term and in the summer term points are also earned for Sports Day.

Results are shared each Friday in assembly with the winning house earning a reward at the end of each half term.
